Portable Thumb Camera

Pocket camera with front and rear screens

A thumb-sized camera that records true 2K video. A 1.47-inch main screen and a 0.85-inch rear screen sit on opposite sides, so the shot can be framed from either side.

A built-in 600 mAh battery records for up to 80 minutes, video is saved to a TF card as MP4 or AVI, and the camera links to a phone over Wi-Fi for live control. It weighs 30 g and charges over USB Type-C.

KEY FEATURES

- True 2K video, H.264 / H.265
- Front and rear screens: 1.47-inch main, 0.85-inch rear
- Wi-Fi link to a phone for live control
- Built-in 600 mAh battery, up to 80 minutes
- 30 g, 29 × 65 × 23.9 mm
